

MICROFOLD FOLDING ALLOY PODIUM STEPS (ALLOY WORKSTATION)

- ▶ Microfold Podium Steps are robustly fabricated for safe site work where stepladders are no longer acceptable. **The latest way to gain HSE approval for low-level work.**
- ▶ Probably the strongest & safest of its type - made from British Standard approved industrial alloy tower components, including the 50mm diameter alloy tubing.
- ▶ MICROFOLD is a safe podium step platform for working at low levels, with **4 platform heights of 270mm or 520mm or 770mm or 1020mm** - all from the one unit.
- ▶ Ideal for one-man use - unfold the unit, fit the platform and start work!
- ▶ Easily portable and manoevrable, either open or closed, the unit passes easily through standard doorways and corridors.
- ▶ Lightweight yet robust for Industrial use - max safe working load 250kg / 551lbs
- ▶ Provides a working platform 600mm x 600mm.
- ▶ Four optional platform levels between 0.27m and 1.02m with a telescopic guardrail which can be easily adjusted to provide the correct height at each of the four levels.
- ▶ MICROFOLD comprises one folding frame, one platform and four locking castors.
- ▶ When not in use and the frame unit is folded, the platform can be hooked onto the folding frame for compact storage and convenient manoevring between locations.
- ▶ MICROFOLD folds almost flat (just 200mm wide) for easy transport.
- ▶ Locking castors are tested to HD1004 specifications with a max load of 200kg each.

MICROFOLD FOLDING ALLOY PODIUM STEPS (ALLOY WORKSTATION)

- ▶ **Microfold is ideal for SAFE SITE WORK - with the approval of your Health & Safety inspector!**
- ▶ **4 different platform heights from one unit - allowing safe working heights up to about 3.0m**
- ▶ **Fully mobile with locking castors**
- ▶ **Folds flat for transport and storage**
- ▶ **The BEST Podium Steps on the market with all the benefits you need!**

MICROFOLD key dimensions

Overall Unit Height MIN	1550mm	5' 5"
Overall Unit Height MAX	2130mm	7' 0"
Overall Unit Length OPEN	1250mm	4' 1"
Overall Unit Length FOLDED	1900mm	6' 3"
Overall Unit Width OPEN	870mm	2' 10"
Overall Unit Width FOLDED	200mm	8"
Platform Height Rung 4	1020mm	3' 4"
Platform Height Rung 3	770mm	2' 6"
Platform Height Rung 2	520mm	1' 8"
Platform Height Rung 1	270mm	0' 11"
Safe Working Load max	250kg / 39.3stones	

With 4 different platform levels from 270mm to 1020mm, Micofold always provides the ideal work platform to satisfy the Health & Safety inspector. The telescopic guardrail can be raised or lowered to provide the correct height at every level.

Captive locking braces on the telescopic guardrail frame unclip and hinge to provide easy access to the platform at whichever level is chosen. Surface of locking braces and platform are non-slip for safety.

When folded almost flat (just 200mm wide) Microfold can be stored or transported with ease. The 600 x 600mm platform hooks onto the frame for added convenience. Locking castors provide full mobility and are tested to HD1004 with a maximum safe load 200kg each.
