

LEVEL 1 INDUSTRIAL ALLOY FOLDING WORK PLATFORM

- ▶ **LEVEL 1** Work Platform is MORE than just a conventional stepladder - and is accepted by HSE as a safe alternative to steps.
- ▶ Much safer than standard steps because of the 1.15m high guardrail at front and both sides.
- ▶ Much safer than standard steps because the unique design is highly stable and prevents overreaching.
- ▶ Ideal for easy one-man use - just like a stepladder - unfold the unit and start work!
- ▶ Easily portable and manoeuvrable, either open or closed. The roller wheels fitted to BOTH front and rear mean it can be tilted from either end & rolled along.
- ▶ Lightweight yet robust for Industrial use - max safe working load 175kg.
- ▶ Extra large working platform 1.0m x 0.45m wide. Even the treads are double-depth at 160mm for safer use.
- ▶ Folds flat for storage and transportation - just 320mm thick when folded.

LEVEL 1 folds flat to just 320mm deep.

Overall folded length and width 2.5m x 0.76m or 3.0m x 0.83m.
