# RAZADECK T360 FOLDING WORK PLATFORM

RAZADECK T360 offers a safe stable work platform at three useful heights assisted into position by tensioning springs designed to power its ascent and control its descent smoothly and effortlessly. There are no loose components with the Razadeck T360. The failsafe, one-piece design calls for minimal training. The unit unfolds from a compact easily manoeuvred base and simply snap locks in to place at the desired heights. Integral outriggers provide additional stability and the ample deck provides space and support for up to 2 workers plus their tools.

- ▶ RAZADECK T360 folding work platform ..... a brilliant way to gain HSE approval for mid-level work (manufactured to several standards - CE, BS EN1004 Part 3; type approval under EU Machinery Directive).
- ▶ Three platform heights 1.00m + 1.80m + 3.65m - gives reach heights up to 5.65m.
- ▶ No loose parts - integral ladder, stabilisers and adjustable legs for levelling outdoors.
- ▶ Fully folding SELF ERECTING tower design - powered just by springs.
- ▶ Ideal for 1 or 2 man use - roll to workplace, lock castors, extend stabilisers, unfold to required height and start work in just a few minutes!
- ▶ Easily portable and manoeuvrable on large castors. Adjustable Legs overcome uneven ground outdoors.
- ▶ Robust for regular Industrial use - max safe working load 250kg / 39.4 stones (1 or 2 operatives).
- ▶ Provides a working platform 1400mm x 900mm. Access up inside of unit and through trapdoor platform when at full height. Access through hinged guardrail when partly extended.
- ▶ Minimal training required for operatives - no PASMA or IPAF certificates required.
- ▶ Sturdy aluminium alloy construction with epoxy power coating and anodised parts.
- ▶ Closed transport dimensions L x W x H 1.58m x 1.00m x 0.90m.
