

INDUSTRIAL ALLOY WAREHOUSE STEPS

- ▶ Highest quality alloy warehouse steps (Industrial Duty) and designed for regular use gaining access to storage shelving etc.
- ▶ Warehouse steps do not fold flat but are permanently braced open and ready for use.
- ▶ Wheels on the front end contact the floor for easy manoeuvring when the front lifting handles are raised. When in use thick rubber feet ensure non-skid safety.
- ▶ Side handrails fitted for additional security.
- ▶ Note - these are steps not stairs, so descent is made facing inwards towards the step. If outward facing descent is required, see our steel [Mobile Safety Stair](#) details.
- ▶ Standard Models (CHWS..) - Non-slip ribbed alloy treads are 80mm (3") deep and fitted at 250mm (10") rise. Large platform of alloy chequer plate up to 450 x 360mm (18" x 15"). Front knee-rail 650mm high.
- ▶ Standard "SAFETY" models (CHWSEH..) - have additional safety features to help comply with your risk assessment -
 - a) Extra tall GUARDRAIL 980mm high (instead of a knee-rail) and
 - b) Extra-large platform of alloy chequer plate is increased to 750 x 400mm (30" x 16").
- ▶ Heavy-Duty models (RWS..) have treads 89mm (3½") deep and fitted at 254mm (10"). Large alloy chequer plate platform 530mm deep x 400mm wide (21" x 16"). Front knee-rail 700mm high.
