

# "DIY" ALLOY LADDERS

BS2037 Class 3 approved - Domestic Duty

- ▶ High quality Domestic alloy ladders kitemarked to BS 2037 Class 3 max load 125kg / 19.5 stones.
- ▶ Box-section alloy stiles are much more rigid than the "I-beam" stiles of many other ladders.
- ▶ Flat-top "D" rungs are 30mm wide for working comfort.
- ▶ Rungs are angled so feet rest on wide surface when ascending ladder (not narrow rung edge as with square rung ladders).
- ▶ Range of 3-section "Triples" allows easier storage, easier transport, easier extension & greater versatility.
- ▶ Top section of triple and double ladders can be separated for use as a single ladder.
- ▶ Note: we do not recommend using "Domestic" ladders for commercial work (such as window cleaning or commercial painting). They are light duty ladders and not designed for regular work. Using them may invalidate your insurance policy and will upset the Health & Safety Executive!

<b>"DIY" DOMESTIC ALLOY LADDERS - kitemarked BS2037 Class 3</b>				
code	Closed Length	Max Extended Length	Rungs per section	Appx Weight
<b>2 SECTION PUSH-UP (DOUBLES)</b>
