HOP-UP ALLOY FOLDING WORK PLATFORMS

ODDJOB

The Odd Job is a lightweight aluminium platform that enables the user to reach those areas that are just out of reach from ground level.

It is ideal for painters and decorators, plumbers and plasterers - in fact the Odd Job is so versatile that there are few trades which could not find a use for this unit.

- » Perfect for all odd jobs around the home or work place
- » Easy to use, easy to store
- » Broad base for extra stability
- » Large working platform area

HOP-UP ALLOY FOLDING WORK PLATFORMS

TWOSTEP HOP-UP

Made for Professional use - highest quality hop-up in our range

The TwoStep Hop-Up professional work platform is a product of higher than normal quality and meets the requirements of the German Equipment and Product Safety Act.

Alloy hop-up with a unique folding first step at 235mm high which is 150mm / 6" deep and large enough to provide an extra working platform level.

Double the length of other hop-up platforms giving extra working reach before having to move the equipment.

Folds flat for storage and transport.

- » Platform height 470mm plus first step height 235mm.
- » Large platform area 1030mm x 310mm.
- » **GS** and **TUV** tested and approved.
- » Locking legs enable a secure footing.
- » Sturdy construction.
- » Max static load 150kg.

HOP-UP ALLOY FOLDING WORK PLATFORMS

MAXI 1200

The Maxi 1200 range is always a favourite with customers.

Provides a taller than normal platform height at 600mm and gives greater platform length for fewer equipment moves.

RHOP3 and RHOP3H models are identical except for the 650mm high folding handrail and tool tray on the latter.

- ▶ Platform height 600mm.
- ▶ Ribbed platform size 1200mm x 300mm.
- ▶ Max static load 150kg.
