

SKYMASTER COMBINATION LADDERS EN131 approved 150kg

- ▶ SKYMASTERS provide exceptional versatility. From just one ladder you can make a
 - ... **standard Triple Extending Ladder**
 - ... **standard Double Extending Ladder**
 - ... **Single Section Ladder**
 - ... **3 section Free-Standing Stepladder (photo opposite)**
 - ... **2 section Free-Standing Stepladder**
 - ... **Stairwell Stepladder**
 - ... **Work Platform (with optional accessory platform Z40938)**
- ▶ Zarges SKYMASTERS are alloy ladders, GS approved to EN131 for Trade use with a max safe working load 150kg.
- ▶ 5 year Euro guarantee
- ▶ All models feature square rungs with rung locks and a wide stabiliser bar at the base for extra safety.
- ▶ Trade models features fabric safety straps plus single-sided safety locking bar with spring-loaded pin location.
- ▶ Professional models are heavier duty and feature top section wall runner wheels; fabric safety straps plus DOUBLE-SIDED safety locking bars with spring-loaded pin location; and incline indicator.
- ▶ **These are the original German made Zarges combination ladders. Many have copied them. Many are cheaper. NONE ARE BETTER!**

6 ladders in 1 !

**Genuine "SKYMASTERS"
... the original and still the best!**

SKYMASTER COMBINATION LADDERS EN131 approved 150kg

It's a 2-sided stepladder ...

It's a stairwell ladder ...

It's a 2 section or 3 section extension ladder ...

It's even a very handy single section ladder ...

And of course it's a tall extending, free-standing stepladder.

This is the configuration for which most customers choose this remarkable ladder.

Wunderbar!

Skymasters become even more versatile when the optional Work Platform is fitted. Although it will fit on any rung, safety considerations mean it should be fitted at max 1.0m high. Stability of the unit is improved by also fitting the "U" shaped stabiliser as an extra safety aid as shown (code: Z40250).

Exceptional quality...

Exceptional versatility...

Exceptional Skymasters!
