

HEAVY-DUTY COMMERCIAL LOFT LADDERS

"S11" ALLOY CONCERTINA LOFT LADDER very robust and total Industrial Duty

- » Constructed from very heavy-duty pressure die-cast components of high strength aluminium alloy, complete with steel hatch lining and MDF trapdoor.
- » Powerful counterbalance springs ensure a smooth, steady folding and unfolding action with no danger to the user and without effort.
- » Stores completely within the hatch space.
- » Complete with draught proofed MDF trapdoor and steel hatch lining.
- » Optional Telescopic Handrail available as an extra.
- » Optional Top Operating Facility to allow opening of trapdoor from above.
- » Ideal for access to lift motor rooms, service areas and plant rooms.

- » Cast alloy non-slip treads.
- » Grabrails at top for safe entry and exit.
- » Plastic roller feet fitted at base.
- » Operating pole supplied.
