

"GRPpod" GLASSFIBRE SAFETY WORK PLATFORMS

- ▶ " GRPod " is much MORE than just a conventional stepladder.
- ▶ Glassfibre side stiles give **electrical insulation** - essential when working near live electricity.
- ▶ Much safer than standard steps because of the 1.10m high guardrail at front and both sides, PLUS safety chain behind user.
- ▶ Much safer also because the large footprint area gives greater stability.
- ▶ Extra large platform is 600mm x 400mm.
- ▶ Ideal for easy one-man use - simply unfold the unit and start work!
- ▶ Easily portable and manoeuvrable, either open or closed. The roller wheels fitted to rear mean it can be tilted and rolled along.
- ▶ Lightweight yet robust for Industrial use - max safe working load 150kg - Kitemarked to Euro standard BS EN131.
- ▶ Folds flat for storage and transportation - just 440mm thick when folded.
- ▶ All ALLOY model ARPod also available at a lower price.

key dimensions -	GFWP3	GFWP4	GFWP5
