# Climb-It C9 Mobile Tanker Ladders

Guardrail protection  
on machinery

- ▶ Choice of **3** different models for creating safety guardrail heights to 6.00m.
- ▶ Mobile units of large locking castors and levelling jacking legs at each corner.
- ▶ Ideal for creating rapidly erected safety guardrails around workers on tankers plus other vehicles and factory machinery plus even buildings too.
- ▶ Easily height adjusted with winding crank handle and wire rope pulley system.
- ▶ Safety side handrails on ladder section with non-slip treads and self-closing saloon-style gate at top platform.
- ▶ Large non-slip top platform 600 x 760mm or 600 x 910mm on tallest model.
- ▶ Top guardrail cage surrounds workers for protected area 1300mm x 1300mm.
- ▶ Counterbalance weights fitted under base module.
- ▶ Max safe working load 150kg / 23.5stones.
- ▶ Tested and certified to EN131 Professional standard with a 5 year guarantee.
- ▶ Delivery requires forklift for unloading and simple assembly of 8 modular component parts.

Guardrail  
protection  
on buildings

**A mobile guardrail not just for safety on tankers but also for machinery and buildings!**

**Height extended and lowered with pulley system of winding handle and wire rope.**
