

# THE GROUNDSMAN

## INDUSTRIAL DUTY ALLOY TRIPOD STEPLADDER

Rear support leg has a spiked base and is easily pushed into shrubs and hedges to allow face-on working rather than reaching to one side from a pair of normal steps. Much safer!

- ▶ Robustly constructed from industrial duty aluminium for professional growers and groundsmen.
- ▶ **Allows easier "face-on" working close to hedges, bushes and trees with rear spiked support positioned into them. A much safer method of working than placing normal stepladders alongside.**
- ▶ Channel section side stiles fitted with 3" / 76mm deep non-slip treads and rubber feet at base.
- ▶ Heavy duty rear leg is hinged at the top and fitted with a sturdy ground spike for extra security, plus supplied with an interchangeable rubber foot for hard surfaces.
- ▶ Lightweight, mobile, yet very strong and stable. A must for all serious professionals.
- ▶ UK manufactured.
- ▶ See also our great ranges of **HIGHGROVE TRIPOD** ladders - many sizes & models to choose from.

Very wide splay on step section provides great stability for a host of jobs around the grounds.

Rear support leg pushed into hedge allows safe face-on working rather than reaching to one side from a pair of normal steps.

Non-slip rubber foot also supplied to replace the alloy ground-spike on hard surfaces.

Even hedges and shrubs up to 16ft high come within safe reach!

### "THE GROUNDSMAN" INDUSTRIAL ALLOY TRIPOD STEPLADDER

Code	Overall Height	Overall Base Width	Weight
FPT1	1.8m / 6' 0"	0.80m / 2' 7"	8.0kg
