

Industrial Alloy "LADDASTEP" Combi Ladder & Stepladder

- » This is not a flimsy DIY stepladder! Made of CLASS 1 Industrial Duty materials with a max safe load of 175kg.
- » Splayed stiles on the industrial quality step section give absolute rigidity.
- » Treads are 80mm / 3" deep and are heavily ribbed for maximum comfort and safety.
- » Rear section has box-section alloy stiles and 1" diameter round non-slip rungs.
- » Rapid conversion from step to ladder is achieved by rotating the back section.
- » Two substantial locking stays incorporate a unique slotted design which gives total security without the need for thumbscrews - a faster, safer and easier locking action!
- » Non-slip rubber feet & bungs fitted at the base.
- » Laddasteps have been a popular and strong seller for over 20 years - and are still the best of their kind in the UK.
- » Normally in stock for immediate despatch.

| Industrial Alloy "LADDASTEP" Ladder & Stepladder | | | | |
|--|----------------|------------------|-------------------|-------------|
| Code | Height as Step | Height as Ladder | No.Treads & rungs | Weight (kg) |
| LS6/4 | 1.46m / 4' 9" | 2.51m / 8' 3" | 6 + 4 | 7.0 |
| LS7/5 | 1.71m / 5' 7" | 2.99m / 9' 10" | 7 + 5 | 8.0 |
| LS8/6 | 1.95m / 6' 5" | 3.48m / 11' 5" | 8 + 6 | 9.5 |
| Normally in stock for FREE next day delivery most of UK mainland | | | | |

Laddasteps are manufactured to meet all the requirements of BS2037 Class 1 governing INDUSTRIAL quality ladders & steps but are not kitemarked.

They are actually even stronger and much more versatile than our Heavy Duty Industrial Swingback Steps (code: SL...) which are kitemarked.

For prices of these and full details of our huge range of ladders, steps, podium steps and scaffold towers, visit us at our web site
