

Access Platforms Heavy-Duty Steel Mobile Safety Platforms

- » High quality Industrial Safety Platforms manufactured in the UK from tubular steel, with punched steel treads.
- » **Large platform 1600mm long x 700mm wide.**
- » **HEAVY DUTY** with a massive **500kg SWL (78 stones !)** and manufactured in an ISO9001 registered facility. Fully welded and assembled for instant use.
- » Coated in a very tough and attractive deep Blue polyester-powder finish for long-lasting protection. Option for Red; Green; Yellow; Grey; Orange on request
- » Polyester-powder coating is superior to epoxy finishes, offering greater durability plus UV stabilisers make it much more suitable for exterior use than most epoxy coats.
- » Punched steel treads are 200mm / 8" deep and fitted at 250mm rise with handrails both sides.
- » Rubber tyred wheels fitted at the rear with swivelling castors at the front for easy manoeuvring.
- » 2 & 3 tread models have Side Brake Lever as shown — optional on taller models.
- » 4 tread models and up are braked by a Central Anti-Ascent Safety Bar which blocks access to treads whilst mobile but retracts to allow safe ascent and brake the steps.

- » **Many optional modifications available as shown overleaf** - ring 01452 520144 to discuss with our helpful & knowledgeable staff.
- » Please check **Overall Dimensions** overleaf before ordering to be sure it will fit.

Bespoke Steel Mobile Safety Steps

The **versatility** of these steel Mobile Safety Stairs is endless.

Bespoke variations of the standard models are always possible.

We'll be delighted to quote for your exact requirements.

Larger platform?
Removable handrails?
Fixed location not mobile?
Multiple platform levels?
Change of colour?
Hinged gates instead of fixed handrails?

Most things are possible so ring 01452 520144 or email with your enquiry today.

Cantilever platform?
Wider treads?
Shallower angle?
Open sides?
Knock-down kit?
Stabilisers fitted?
Skid feet for mezzanine floors?

We like to say "Yes!"
