

KNOCK-DOWN INDUSTRIAL STEEL MOBILE SAFETY STEPS

FOLDED FOR TRANSPORT

KNDS09 - 9 tread KNOCK-DOWN model folded down for transport or access into tight areas. Assembly requires spanners and takes about 15 minutes.

FULLY ASSEMBLED FOR USE

KNDS07 - 7 tread KNOCK-DOWN model fully assembled with yellow Anti-Ascent Safety Bar for braking and preventing access when mobile.

- ▶ **"Knock-Down" models allow easier transport and access into awkward areas on site. Assembly requires spanners and takes around 15 minutes. Other than this, these are identical to our standard Industrial models.**
- ▶ High quality Industrial Safety Steps manufactured in the UK from tubular steel, with punched steel treads.
- ▶ Ideal for safe access in warehouse storage areas, maintenance in the workshop and even the office.
- ▶ Safe working load is a huge 300kg (47 stones!) and manufactured in an ISO9001 registered facility.
- ▶ Coated in a very tough and attractive deep Blue polyester-powder finish for long-lasting protection. Standard colour deep Blue or can be deep Red on request. Other colours at extra cost.
- ▶ New Polyester-powder coating is vastly superior to epoxy finishes. It is tougher and more durable plus UV stabilisers make it much more suitable for exterior use than most epoxy coats.
- ▶ Punched steel treads are 200mm / 8" deep and fitted at 250mm rise with handrails both sides.
- ▶ Large platform 400 x 550mm / 16" x 22" is surrounded by a 1.0m / 3ft high handrail on three sides plus half-height midrail. Toeplates fitted around platform on models with platform height over 2.0m.
- ▶ Rubber tyred wheels fitted at the rear with swivelling castors at the front for easy manoeuvring.
- ▶ Braked by the Anti-Ascent Safety Bar which blocks access to treads whilst mobile but retracts to allow safe ascent and brake the steps. Side Lever on smallest 2tr & 3tr models.
- ▶ Many variations to the standard range are available including PVC covered treads; single-sided handrails; alternative tread width; hinged gates at platform; side operating lever etc. Please enquire for details.
- ▶ Need a SPECIAL? Modifications on request - ring 01452 520144 to discuss with our helpful staff.
- ▶ Please check **Overall Dimensions** overleaf before ordering to be sure it will fit.
- ▶ Normally made-to-order and delivered in 7 - 14 days. FREE DELIVERY mainland England & Wales only - Scotland extra.
