

Heavy Duty **Truck-Dock** Steel Mobile Safety Stairs

- ▶ A special version of our "Safety-Slope" range but with a larger platform and allowing access off all 3 sides.
- ▶ **Ideal for safely loading & unloading trucks and lorries.**
- ▶ The shallow 48 degree rake angle and low 200mm tread rise of our "Safety-Slope" models gives maximum safety & comfort.
- ▶ Large top platform 700mm wide x 1200mm long.
- ▶ Large punched steel treads 700mm wide x 200mm deep.
- ▶ Braked by the integral Ascent Safety Bar. This blocks access to stairs whilst mobile. When pushed back, the castors are automatically raised from the ground to stabilise the stair and allow access to the platform.
- ▶ Rubber tyred wheels 200mm diameter fitted at the front with 125mm diameter swivelling castors at the rear for easy manoeuvring.
- ▶ Optional handrails and gates available to order.
- ▶ Need a SPECIAL? Modifications on request - ring 01452 520144 to discuss with our helpful staff.

- ▶ Coated in a very tough and attractive HI-VIZ YELLOW polyester-powder finish for long-lasting protection. Standard colour is Yellow but can be deep Red on request. More colours at extra cost.
- ▶ New Polyester-powder coating is vastly superior to epoxy finishes. It is tougher and more durable plus UV stabilisers make it ideal for exterior use (unlike many epoxy coats).

Heavy Duty "TRUCK-DOCK" Steel Mobile Safety Stairs					
CODE	Treads including platform	Platform Height	Tread Width mm / ft	Overall Dimensions H x L x W (m)	Appx Weight
