

"ARPod" Alloy Safety Work Platforms

- ▶ The **LOW COST** & convenient method of complying with safety regulations !
- ▶ " ARPod " is much **MORE** than just a conventional stepladder. It provides exactly what the Health & Safety Regulations call for - **more stability** than ordinary stepladders and gives **4 sided guardrail protection**. **BINGO !**
- ▶ Much safer than standard steps because of the 1.10m high guardrail at front and both sides, PLUS safety chain behind user. Gives 4 sided guardrail protection as required by HSE.
- ▶ Much safer also because the **large footprint** area gives greater stability.
- ▶ **Huge platform** 600x400mm.
- ▶ Ideal for easy one-man use - simply unfold the unit and start work!
- ▶ Easily portable and manoeuvrable, either open or closed. The roller wheels fitted to rear mean it can be tilted and rolled along.
- ▶ Looks like a step but much safer & better than a step!!

Folds flat for storage and transportation - just 440mm thick when folded.

BS EN131 PROFESSIONAL kitemarked with max safe working load 150kg / 23.5 stones.

"ARPod" ALLOY SAFETY WORK PLATFORMS

code	No. Treads Incl platform	Platform Height	Platform Size L x W	Approx Working Heights	Closed Size (Folded) H x W x D	Open Size H x W x D	Appx Weight
