3 OPTIONAL PLATFORM HEIGHTS
550mm + 630mm + 700mm

WORKING REACH HEIGHTS
1.55m to 2.70m

MAX SAFE WORKING LOAD
150kg / 23.5 stones

- ▶ Designed to fold down & dismantle for transport & storage but open for reach heights up to 2.70m.
- ▶ Supplied in just three components – folded Platform plus 2 Guardrail Frames.
- ▶ Ideal for one-man use - simply unfold the base unit, attach guardrails and start work! Access through hinged gates at both ends of platform.
- ▶ THREE optional platform levels between 550mm and 700mm will suit most requirements.
- ▶ Easily portable - at only 25kg it can be carried by one person.
- ▶ Easily manoeuvrable - anti-surf base fitted with two static feet and two locking wheels keeps ProDek safe during use but allows comfortable lift-n-roll between locations.
- ▶ Lightweight yet robust for regular Industrial use - max safe working load 150kg / 23.5stones.
- ▶ Fully guardrailed to ensure user safety at all times and at all heights.
- ▶ Provides a large platform 1.1m long and 0.66m wide (3' 8" x 2' 2"). Open footprint: 1.73m x 0.70m.
- ▶ Compact, safe & simple. Closed dimensions: 1200mm x 1020mm x 390mm.
- ▶ ProDek is manufactured under a BS ISO9001 approved Quality System and complies with load safety factor requirements of BS EN1004.
