

ZARGES

Innovations for professionals

Safely work at height – in all environments

Introducing the new Z 500 Seventec RC ladder

The Z 500 Seventec RC – for great stability in all environments.

Rain, snow and ice can be quite a challenge when working outdoors, especially in winter. Whilst wet or dirty environments indoors create their own demands. That's why when working at height safety must be your number one priority.

The **Z 500 Seventec RC** from ZARGES is an innovative new ladder that is ideal for working in all environments.

Whether it's assembly work on a building site, maintenance or servicing in industry or any structural work, the **Z 500 Seventec RC** offers maximum safety in rain and snow. This is due to its perforated, ribbed and extra-wide treads to ensure a secure grip for your feet and great stability.

The benefits for you:

- Maximum safety while working outdoors, even in rain and snow.
- Luminescent strips on the rails for better awareness when visibility is poor.
- Low weight.
- Foldable for easy transportation and storage.

Ideal in snow, ice and rain – the Z 500 Seventec RC is the safest solution in any situation.

Safe steps
in snow and slush.

Slip-proof grip
even when it's wet.

Secure stability
in mud and dirt.

Luminescent strips
on the stiles

Treads are 85 mm deep

Perforated, ribbed tread
for great stability

Perforation to prevent
collection of liquid

Z 500 Seventec RC work platform with double-sided access

This lightweight and convenient platform is ideal for fast and flexible use.

- Extra-wide treads and comfortable platform.
- Double-sided access.
- Platform (approx. 600 × 300 mm) with integrated hinged connection.

Order no.	Platform height (m)	Working height (approx. m)	Overall base width (m)	Number of treads, incl. platform	Weight (kg)
40392	0.49	2.49	0.70	2 × 2	5.2
40393	0.74	2.74	0.75	2 × 3	7.3
40394	0.99	2.99	0.80	2 × 4	10.2

Z 500 Seventec RC work platform with single-sided access

Extra wide platform and treads for safe and convenient working.

- Extra-wide treads and comfortable platform.
- Single-sided access.
- Platform (approx. 600 × 300 mm) with integrated hinged connection.

Order no.	Platform height (m)	Working height (approx. m)	Overall base width (m)	Number of treads, incl. platform	Weight (kg)
40233	0.66	2.66	0.67	3	8.1
40234	0.86	2.86	0.69	4	10.3
40235	1.08	3.08	0.72	5	11.7

Z 500 Seventec RC Stepladder

Stepladder for optimum safe working outdoors.

- Large safety platform (approx. 380 × 260 mm) with integrated hinged connection.
- Smooth easy-grip surface on outside of rails.
- Foldable locking bar on both sides for maximum stability.

Order no.	Total length (m)	Platform height (m)	Working height (approx. m)	Overall base width (m)	Rail height, upright/support section (mm)	Number of treads, incl. platform	Weight (kg)
40493	1.44	0.70	2.70	0.45	87	3	6.3
40494	1.67	0.90	2.90	0.47	87	4	7.9
40495	1.90	1.10	3.10	0.49	87	5	8.1
