Podium 33cm

1.25m

Folded down

Fully erected platform 2 metres

Podium 61cm

1.00m

1.75m

### TELETOWER BENEFITS

- Telescopic mechanism allows 5 adjustable platform heights from 1.00m to 2.00m (working heights from 3.00m to 4.00m)
- Large folding aluminium work platform (1.40m x 0.70m) with climb through hatch
- Fully erected in under 3 minutes saving down time and man hours
- Can be transported in a small van or estate car
- Available in aluminium and GRP (non conductive)
- Single person operation
- Minimal product footprint for ease of transportation and storage
- Operates as a podium with low level fixed height options of 33cm and 61cm
- Comprises only two parts – tower and platform (no more leaving parts in the yard)
- Integral stabilising legs with 5 optional positions and lockable castors
- Optional toe-boards
- Integral telescopic hand and knee rails
- Integral platform stabilisers
- Conforms to EN1004

Can be used on uneven ground utilising stabiliser legs

Large climb-through platform hatch

Minimal footprint allows ease of transportation and storage

Can be transported in an estate car or small van

Teletower shown against a standard 2 metre tower
