

TrukStar Alloy Truck Access Steps

Low-cost & lightweight alloy platforms for safe truck bed access.

- ▶ Sturdy industrial alloy platforms for safe access on and off vehicle beds.
- ▶ Alloy treads are heavily ribbed for non-slip safety and are 80mm (3") wide.
- ▶ TrukStar steps are permanently braced open and **do not fold!**
- ▶ Top platform of non-slip alloy chequer plate is approx 360 x 400mm (14" x 16").
- ▶ **Single Sided** models have treads one side only, giving a lower cost and smaller footprint than double models.
- ▶ Rubber feet fitted to base of all models.
- ▶ **Double Sided** models have treads both sides for more convenient access from either side, reducing the amount of movement required. Handrail can never be on the "wrong" side as with single models.
- ▶ Handrail included for one side only (plus rear on Single-Sided models). Can be fitted to LH or RH as required. Fixing holes pre-drilled but handrails are supplied loose for simple on-site assembly.
