

Industrial Alloy WAREHOUSE STEPS

Highest quality alloy warehouse steps designed for regular use gaining access to storage shelving etc. Do not fold flat but are permanently braced open and ready for use. Wheels contact the floor for easy manoeuvring when the front lifting handles are raised. Side handrails fitted for additional security.

STANDARD Warehouse Steps

VWS05

Standard SAFETY models

CHWSEH04

HEAVY-DUTY Warehouse Steps

RWS06

STANDARD-DUTY models
