- ▶ Easily **erected** & **height adjusted** & **dismantled**....
- ▶ ...all from **ground level** for maximum safety....
- ▶ ...and by **just one person** working alone!!
- ▶ These are not ordinary towers!!

- ▶ Easy to operate with **rung by rung height adjustment** based on extension ladder principle with swinging gravity latches.

- ▶ Highly mobile when erected and collapsed thanks to locking swivel castors.
- ▶ Pull-out stabilisers with robust spindles for stability and levelling on uneven ground surfaces.
